COLLEGE OF SCIENCE AND MATHEMATICS

These Learning Communities help Science and Math majors build connections with other students across the disciplines. Students will learn about the unique opportunities and challenges facing students in degrees across the College of Science and Mathematics and how to tackle them while building a

Kennesaw State University – Fall 2021 Learning Communities

support network and beginning their studies for all the CSM disciplines. The courses in these Learning Communities will focus on integrating the many facets of success in Science and Math disciplines while giving students an important understanding of quantitative literacy and starting them on the path of discovery in the material Universe.

LC #4 - #8 – Success in Science and Mathematics: AMP Students

These are for CSM students in the Advanced Majors Program (AMP).

THEMATIC LEARNING COMMUNITIES

DIVISION OF GLOBAL AFFAIRS

LC #25 - #27 – KSU in Tuscany Learning Communities: A Virtual Italian Experience

These learning communities (LC #25 - #27) are themed around internationalization, the university's commitment to preparing students for a globalized world and KSU's Educational Site in Montepulciano Italy. Providing courses that are broadly foundational to all disciplines, students have the opportunity to learn with faculty, and administrators who have diverse, multiyear experiences teaching, living and working at our world-class facility in this southeastern Tuscan town. These communities will be the *next best thing* to actually visiting and studying in Montepulciano Italy.

PROGRAM SPECIFIC LEARNING COMMUNITIES

HONORS PROGRAM

LC #CH 1 – Honors Great Books Learning Community

We believe that by reading the foundational works of world civilizations, we are providing you a solid educational foundation upon which you will continue to build for the remainder of your college education – no matter the major you choose. The summer session will be taught in Montepulciano, Italy! *For more information, contact Dr. Jack Moran, Great Books Director, at 470-578-5483.*

AAMI PROGRAM

LC #29 – African American Male Initiative (AAMI): Professional & Identity Development

This two-semester Learning Community will use an interdisciplinary approach to support the identity and professional development of students in the African American Male Initiative (AAMI) program. Students will participate in academic projects and critical thinking activities to build a foundational understanding of American History, language, and global issues as they relate to identity development. Additionally, students will engage in racial, ethnic, gender, political, economic, and religious discourse. For more information contact Brandon Jackson with Cultural & Community Centers at 470-578-4518.

Kennesaw State University – Fall 2021 Learning Communities

DUAL ENROLLMENT PROGRAM

LC #30 – Dual Enrollment Learning Community

This Learning Community (LC #30) is for students who have been accepted into the Dual Enrollment Program at KSU. The Dual Enrollment LC facilitates a more cohesive college experience for high school juniors and seniors by offering courses that assist with creating a sense of belonging, encouraging academic support and camaraderie, helping students to forge a successful academic journey, and supporting Dual Enrollment transition to full-time degree seeking students at KSU. This LC will receive additional student support from the Dual Enrollment Ambassadors and Owl Advising.

STRATEGIC OUTREACH AND DIVERSITY INITIATIVES (SODI)

LC #31 and #32 – Achieve Atlanta and Reach GA

Students who have been accepted into the Achieve Atlanta and REACH GA programs are eligible for the following Learning Communities (LC #31 and #32). These programs connect students with academic and co-curricular resources, develop peer support networks, encourage campus involvement, and promote student success. Resources are devoted to helping students maintain their scholarships and stay on track to graduate. For more information contact Shae Smith, SODI Co-curricular Program Specialist, at 470-578-2926.
